Dear All,

It was great connecting with everyone last week—thank you for taking the time. Circling a bit late, but we wanted to send along two quick follow ups:

- **California Petition – Deliberative Process / Ex. 5**
- # Deliberative Process / Ex. 5

- **ESA Thoughts** – I reached out to a few other folks here on the ESA question, and we're gathering some ideas re: interim protections during the effects determination/consultation process. It looks like it may take us a little bit to pull our thoughts together, but we'll circle back when we do.

Thanks again, and if you have any questions or updates, please don't hesitate to let us know.

Best,  
Dan
